

Model: MDY-2500X

Descriptions

- *Combustibility is highly raised with the direct spray technology and can satisfy your dynamic performance.
- *The perfect combination of combustor and spray combustion system is used to reduce fuel consumption.
- *Precise combustion efficiency and exhaust control standard

Model: MDY-3500X

Descriptions

- *Combustibility is highly raised with the direct spray technology and can satisfy your dynamic performance.
- *The perfect combination of combustor and spray combustion system is used to reduce fuel consumption.
- *Precise combustion efficiency and exhaust control standard

مولدات بانزین صغیره

Model: MQY-950XB

مولدات دزیل أحجام متوسطه

مولدات دیزل أحجام کبیره

800 - 2250 kVA

Generator From 250 KW to 3000KW
